(+45) 91871214

Vanløse, 2720, Denmark

Profile

As a passionate programmer, I enjoy solving complex problems and have a deep interest in software development. I am good at focusing and pay attention to small details, which helps me achieve my goals. As a person, I am helpful and responsible, which makes me a good team player. I am always ready to help my colleagues if they need it, and I look forward to new challenges. I work well with others, but can also work alone effectively.
